

**Statement of Faiza Kaukab**  
**Candidate for Steering Committee**  
**Antitrust and Consumer Law Community**

I am eager to serve as a Steering Committee Member for the D.C. Bar's Antitrust and Consumer Law Community to contribute my expertise in antitrust law and support the Bar's mission of education and professional engagement. With extensive experience at Wilson Sonsini, Axinn, and now Hilton, I have advised on complex antitrust matters, including regulatory investigations, litigation strategy, and policy advocacy. My work navigating FTC and DOJ inquiries, analyzing legislative developments, and managing high-stakes litigation has given me a comprehensive perspective on competition law.

As a Steering Committee member, I will help organize substantive programs, foster dialogue on emerging antitrust issues, and create networking opportunities for practitioners at all levels. I am particularly committed to broadening engagement within the D.C. legal community and ensuring the Community remains a resource for thought leadership and professional development. I look forward to the opportunity to serve and contribute to the D.C. Bar's success.
